

Vier Single Roller Blind

Product Information

Vier Roller Blind offers a robust, every day roller blind that matches quality construction with practical operation. Utilising new generation hardware, the roller blind incorporates many advanced features, including an auto-rise function with built-in decelerator for ease of operation. The Vier single roller blind system provides easy installation and a range of accessories.

The Vier Roller Blind is suitable for both commercial and residential use, available in either chain control or chain free spring operation.
